

Fledgling Apprenticeship

Weekly experiential learning across Central Vancouver Island

For ages 13 and up
Starts the week of Aug 28th, 2017
Locations & Times TBD
Costs vary depending on commitment

minimum 3 month committed registration required
limited space available, book early
All registrations required 2 weeks prior to start date

Level 1

Nature's Nectar – absorb the teachings

Nature-based program planning. Learn the basics of effective program facilitation for groups up to 30 children in natural and more adventurous settings. Enhance your group dynamic management, simple techniques for trust building and attention gaining, and learn the basic aspects of a world-practiced 8 shields model of connecting with nature, by Jon Young.

(Activities vary depending on affordability, further costs may apply, such as rentals and transportation)

Level 2

Fledglings Fly – learn by doing, fun with a purpose

A continuation from Level 1, delving deeper into the lived experience of growing new wings and learning how to fly. Try on new ways of leading children, question asking, holding space, practicing empathy and letting go. Practice the techniques, adopt a guided self-assessment and explore more of the 8 shields practices and techniques to facilitating nature-based programming.
